The **kobold** 200 W system can now be adapted to the ETC Source Four™. This adaptation utilizes three custom components to create a very even projected daylight source.

![Image of HMI Adapter DE/W 200 for Source Four™](image)

**Features**

- Converting the world’s most popular ETC Source Four™ to a daylight source
- Quick and easy to upgrade existing and new ETC units with the kobold DW/DE 200 adapter kit
- 4 times more light output compared to tungsten
- 4 times less power consumption compared to tungsten
- Visible light beam in bright and high ambient light
- Longer throw to light up a object at a distance
- Bulb has longer life span than tungsten light source
- Enhanced uniform beam spread (with all frosted lamp)

**Compatible with:** ETC Source Four™, Source Four™ Zoom, Source Four™ Junior, and Source Four™ Junior Zoom
